Pre pevnejšie spojenie
navlhčite diely pred

Najprv skúste poskladať navrhované
alebo vlastné mozaikové tvary.

Pomocou dielikov sa môžete učiť aj
písmená, čísla a geometrické tvary!

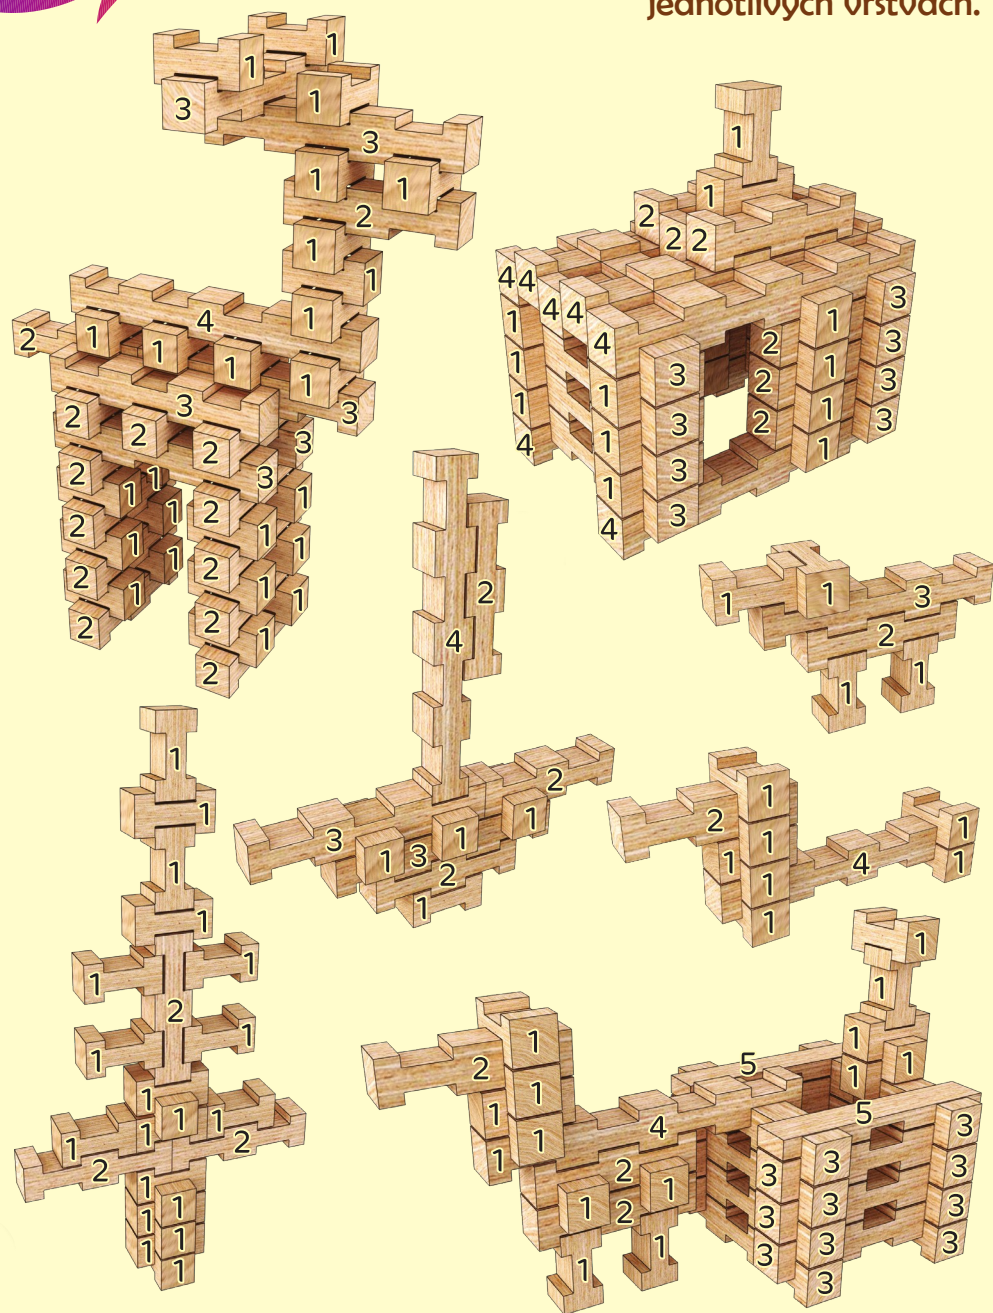

Najprv poskladajte osmičku
ako na obrázku.
Potom skúste vytvoriť aj
ostatné čísla – stačí diely
pridávať alebo uberať.
Je to super zábava!

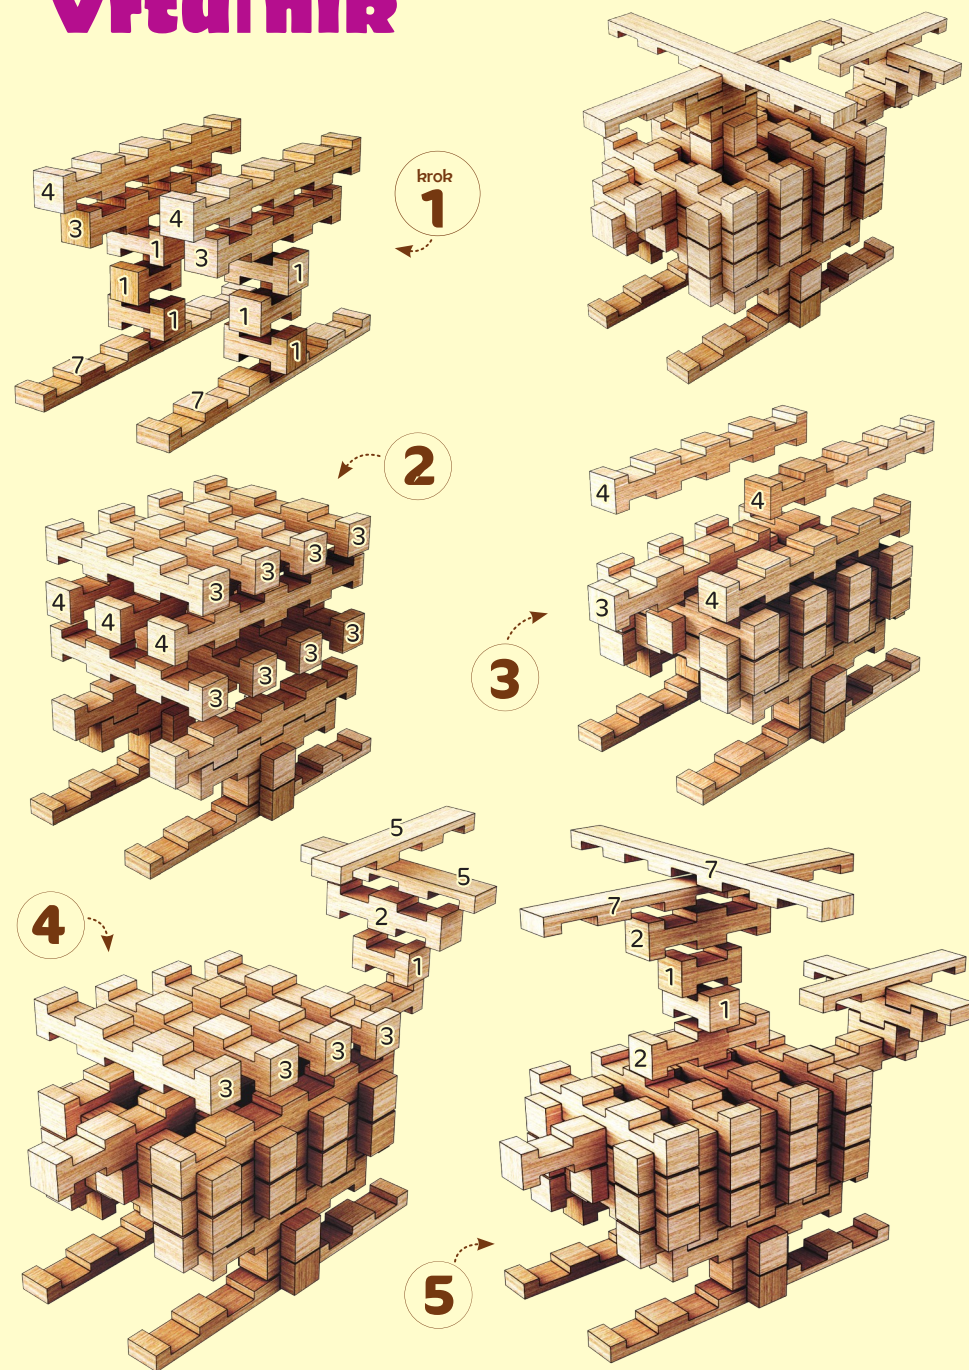

3D

Začnite od základne a postupne
skladajte 3D modely po
jednotlivých vrstvách.
